Gourmet On The Road - Winsor Dobbin - 20.12.17

"A cracking choice when cheap and cheerful fizz is required; crisp, clean and refreshing. Enjoy well chilled with Christmas and New Year toasts."

Qwine - Steve - 26.11.16

"You can't expect too much from a ten dollar fizz but this does the job pretty well. Whiffs of melon, a squirt of citrus, poached apples sneak in late too. Although it is not a complex wine, toasted whole meal bread adds appeal through the mouth. Some zesty tang to finish. Nothing amazing, nothing disastrous either. A good option for cheap fizz hunters."

Qwine - Steve - 27.08.15

"An easy drinking style, it's not too dry. Tinned apple and pear fruit linger long enough. Some toasty bits too. A dab of freeze dried strawberries to finish."
