GREAT WINE GOES A LONG WAY

2025 CHARDONNAY

SOUTH AUSTRALIA

VINEYARD

The grapes for this wine were sourced from Angove family vineyards and other premium regional growers. Soils are predominantly red sandy loam over limestone, on gently undulating east west ridges.

Early season conditions were dry, with a warm spring encouraging strong budburst and early flowering across most varieties. Summer brought consistent warmth without prolonged heatwaves, allowing for even ripening and strong canopy health throughout the region. Careful irrigation management and mild conditions through veraison ensured flavour development was preserved. Yields remained slightly below long-term averages due to pruning strategies aimed at concentrating fruit quality and managing vine stress from the dry lead-in. Harvest timing was largely typical, with fruit showing excellent balance, ripe phenolics, and natural acidity. Winemakers across the region report wines from 2025 as vibrant, varietally expressive, and reflective of a region that continues to adapt and excel in a changing climate.

WINEMAKING

Harvested in the cool of the evening, the grapes were sent straight to the winery where they were immediately pressed. The free run and pressings fractions were kept separate and cold settled for 48 hours prior to racking and inoculation with carefully selected yeast. Cool, slow fermentation preceded blending, gentle filtration and bottling on our estate.

TASTING NOTES
