

LONG ROW

2023 RIESLING

SOUTH AUSTRALIA

VINEYARD

Sourced from our Nanya Vineyard in the Riverland from our own “heritage” clone of Riesling originally planted by Tom Angove in the early 70’s. This particular clone of Riesling produces an extremely varietally expressive wine in our region. Cuttings have since been grafted to new rootstocks to re-establish this heritage on modern trellising with drip irrigation – the legend continues.

Vintage 2023 brought both challenges and triumphs to the picturesque wine region of the Riverland in South Australia. As the grapes ripened under the warm Australian sun, winemakers faced unpredictable weather patterns and viticultural obstacles, including the largest flood of the mighty Murray River in 50 years, yet emerged with a vintage that showcased their resilience and craftsmanship. Yields were well down on regional averages leading to intense flavours in the grapes.

WINEMAKING

Picked late at night to harvest the grapes as cold as possible the grapes were transported to the winery and pressed using modern membrane tank presses. After cold settling the clear juice was carefully racked to cooled fermentation tanks and inoculated with selected yeasts. Cool fermentation was followed by minimal handling, filtration and bottling at the Angove winery.
