VINEYARD LOCATION: Castambul,
Hahndorf and Woodside

VINEYARD ALTITUDE: 440 – 600 metres

ADDITIVES: Preservative (220)

WINEMAKING PROCESS

Meticulously picked on a crisp, autumn morning to maintain freshness and chilled for up to 48 hours. The fruit is then delicately tipped from the bin to the press for whole bunch pressing and then pressed off skins almost immediately leaving just a touch of colour behind.

WINEMAKING NOTES

This rosé style sparkling displays cherry, guava, strawberry and complex yeast characters on the nose. These flavours continue through on the palate with a burst of fresh acidity and a delicate, fine bead.
