Green Ginger Wine

SOUTH AUSTRALIA

HERALD SUN - TONY LOVE - 02.06.15 - 4 STARS

“The original recipe from London and made for yonks in Australia by Angove in the Riverland, the ginger is first and foremost a warming agent beyond imagination, its potent aromatic sense pure and spicy with other notes of cinnamon, anise and nutmeg. It heats the mouth and leaves a tingle in the throat as well. Mix it with whisky for extra inner strength; treat with humour and respect.”
